<tr>
<td><strong>Purpose of consultancy:</strong></td>
<td>UNFPA is the lead UN agency for delivering a world where every pregnancy is wanted, every childbirth is safe and every young person's potential is fulfilled. UNFPA's new strategic plan (2018-2021), focuses on three transformative results: to end preventable maternal deaths; end unmet need for family planning; and end gender-based violence and harmful practices. In a world where fundamental human rights are at risk, we need principled and ethical staff, who embody these international norms and standards, and who will defend them courageously and with full conviction. UNFPA seeks a national consultant to be based in the Ministry of Health RMNCAH (Reproductive, Maternal, Newborn, Child and Adolescent Health) unit, in the Public Health department. She/He/They would work as part of a multi-disciplinary team of staff who are transparent, exceptional in how she/he/they manage the resources entrusted to them and who commit to deliver excellence in programme results. The national consultant is expected to transform, inspire and deliver high impact and sustained results. She/He/They will support the implementation of interventions funded through UNFPA’s Transformative Agenda programme through technical capacity and project management support to the Ministry of Health RMNCAH team. The successful candidate will work at the national and provincial levels to ensure that the agreed strategic interventions are implemented in the context of the 2030 SDG Agenda, ICPD Programme of Action and UNFPA Strategic Plan at the global level, the UN Pacific Strategy, UNFPA sub-regional programme at the regional level, and the National Sustainable Development Plan, Health Sector Strategy and RMNCAH Policy and Implementation Strategy of Vanuatu. She/He/They will contribute to the management and evaluation of programme activities at a national and provincial level; the provision of integrated programme and operational implementation, and develop the capacity of the MOH RMNCAH team. She/He/They will also collaborate with the health promotion, HIS, planning and supplies teams in national MOH and provincial MOH teams, Vanuatu Society for Persons with Disabilities, Vanuatu Family Health Association, the Ministry of Education and the Ministry of Youth Development, Sports and Social Development with the National Youth Council. The consultant will have an advocacy role to raise awareness and prioritisation of RMNCAH development across the Ministry of Health and in other sectors. She/He/They are expected to support the coordination of cross-sector projects, for example Family Life Education/Comprehensive Sexuality Education, along with key NGOs and CSOs (in particular Vanuatu Family Health Association) to ensure effective programme implementation and harmonisation as per the agreed strategic direction and work plan timeframe. Jointly reporting to the Director of Public Health in the Ministry of Health and the Programme Specialist in the UNFPA Vanuatu country office, and with close collaboration with the Principal Nursing Officer (MOH), the consultant will work as part of a multi-disciplinary team in achieving key deliverables in line with the RMNCAH policy and implementation strategy and the Health Sector Strategy.</td>
</tr>
<tr>
<td><strong>Scope of work:</strong></td>
<td>The work will be primarily conducted in Port Vila, Vanuatu. Where requested by the Director of Public Health or UNFPA, travel will be required to attend or undertake provincial meetings, visits and trainings, costs of which will be supported by the requester. The following are required tasks within the consultancy services to be provided.</td>
</tr>
<tr>
<td><strong>(Description of services, activities, or outputs)</strong></td>
<td>Programme development and Implementation: Provide technical oversight and project management capacity development for RMNCAH activities across the Ministry of Health, based in the RMNCAH unit in the Department of Public Health. Enhance MOH RMNCAH unit collaboration with the Ministry of Youth Development, Sports, and Social Development, the Ministry of Education and Training, Vanuatu Family Health Association, the Vanuatu Society of Persons with Disabilities, the National Youth Council, the Vanuatu College of Nursing Education and the Department of Women’s Affairs for the efficient implementation of RMNCAH program activities.</td>
</tr>
</tbody>
</table>
Support the Director of Public Health and RMNCAH team to lead pro-active, task focused national and provincial RMNCAH committee coordination meetings with results ownership approaches

Support the MOH RMNCAH team collaborating with the health promotion, HIS, supplies and planning departments in the development; implementation and reporting of UNFPA supported MOH programme delivery and provide support in its operational requirements

Support the coordination between national and regional partners across health, youth and education to coordinate and support implementation of RMNCAH activities on SRH, including family life education/comprehensive sexuality education targeting both in and out of school young people

Coordinate provincial analysis and action planning of the results and recommendations of service and facility assessments, including the Health Facility Readiness and Service Availability assessment

Provide technical support to the roll out of youth friendly and disability inclusive reproductive health service standards implementation across all 6 provinces of Vanuatu

Draft background briefing documents, statements, talking points and reports on the programme and country operations for the senior MOH team and UNFPA when requested, and develop the capacity of the RMNCAH team in their preparation

Assist in the preparation of national and provincial events including trainings, workshops, conferences and develop the capacity of the RMNCAH team in their preparation

Liaise with designated counterparts within government departments, key implementing partners and UN sister agencies to coordinate and follow-up on programme implementation with feedback provided to MOH leads and/or the UNFPA in country lead for decision-making as appropriate

Contribute to capacity strengthening of key RMNCAH and wider MOH teams through relevant training and capacity building activities at national, provincial and health facility levels

In close coordination with the MOH RMNCAH team and UNFPA in country lead, provide implementation support including program reporting and project monitoring if needed

Liaise with Central Medical Stores to improve the supply chain systems to ensure reduced stockouts of SRH supplies at health facilities

Assist to ensure MPDSR committee is active with provincial and national reporting through RMNCAH standing committees, with a minimum of two national MPDSR meetings each year.

Provide inputs to the emergency response to disasters, including through the National Health Emergency Operations Committee.

**Monitoring and Evaluation**

Support the gathering and compilation of information necessary for MOH and UNFPA monitoring and reporting including programme and financial reports, together with the development of M&E tools where appropriate.

Support the RMNCAH team to draft quarterly reports on milestones and results for the MOH implementation of the UNFPA work plan activities, documenting achievements, successes, progress, challenges, lessons learned and operational risks as identified.

**Fund management and operations**

Ensure MOH team adherence to UNFPA operational guidelines to assure implementation quality and compliance with UNFPA funding procedures and requirements

Assist the collation of project expenditures and disbursements to ensure delivery is in line with approved budgets, targeted delivery levels are realized, identify operational and financial problems and bottlenecks, and propose solutions. Have included in each monthly implementation delivery report

**Communication**

Support visibility of activities by drafting and compiling available content for use in communication by MOH and/or UNFPA

Document and disseminate programme delivery and advocacy activities including support to audio-visual documentation, for the purpose of multi-media coverage and overall visibility.
